

Candidate Information

Position:	Concrete Technologist - KTP Associate - Moore Concrete
School/Department:	KTP and Business Networks
Reference:	19/107837
Closing Date:	Monday 7 October 2019
Salary:	£24,00 to £35,000. One of the key KTP benefits for graduates is access to a £7,500 training and travel budget over the 24 month project.
Anticipated Interview Date:	Thursday 17 October 2019
Duration:	24 months

JOB PURPOSE

Development of concrete for marine infrastructure and sea defences, with highly durable performance.

MAIN ACTIVITIES AND RESPONSIBILITIES

Moore Concrete are committed to meeting the needs of our customers and aim to offer highest quality precast concrete products ensuring innovative and flexible solutions within the Agricultural, Civils, and Building market sectors. The company has a unique combination of modern factory facilities, people skills, design expertise and manufacturing experience.

We wish to recruit a skilled Civil Engineering graduate to work as a KTP Associate in Moore Concrete in collaboration with Queen's University Belfast for 24 months. Through this Knowledge Transfer partnership, the aim is to develop concrete for marine infrastructure and sea defences, with highly durable performance. The postholder will be based in Moore Concrete, Ballymena.

The project will consist of the following key project phases:

1. Review recent marine projects.
2. Physical and chemical characterisation of materials.
3. Introduction of statistical factorial design methods. Factorial model developed for a highly durable concrete for use in marine infrastructure and sea defence.
4. Plastic Fibre Reinforcement.
5. Production Trials for highly durable concrete.
6. Cost and Performance Evaluation.
7. Staff training and development of Standard Operating Procedures (SOPs).

PLANNING AND ORGANISING

- Manage and coordinate the items of work as laid out in the project plan (individual work plan will be provided by Supervisors).
- Plan day-to-day activity within the framework of the agreed work plan.
- Contribute to the planning and management of the project, approximately 3-6 months in advance.
- Ensure that all training and development activity is scheduled to ensure that progress on the work plan objectives is not interrupted or delayed.

RESOURCE MANAGEMENT AND RESPONSIBILITIES

- Plan and manage day-to-day resources to ensure the project runs to time and on budget.
- Coordinate and obtain approval for planned expenditure/allocation of resources with the Management Committee and Steering Group.
- Carry out supervision of placement students or other staff members as required.
- Monitor travel and development budgets and produce a Personal Development Plan which will ensure best use of financial resources.
- Attend training modules (mandatory and additional job-specific training). This may be local, national and international.
- Perform any other additional duties as agreed by the Local Management Committee and Steering Groups to contribute to the development of the company, the university and the Associate.

INTERNAL AND EXTERNAL RELATIONSHIPS

- Present regular progress reports to members of the Steering and Management Groups and to external audiences.
- Liaise with company staff on a daily basis. Contribute to training of staff in the company and university as required.
- Build relationships with both company and university staff to ensure effective working practices are established.
- Attend and contribute to any appropriate meetings, both in the company and the university as required.
- Establish contacts with additional groups and organisations (other KTP Associates, other university departments, other industrial contacts, and Innovate UK) as required to develop knowledge and understanding and form relationships for future collaboration.
- Act as an Ambassador for the Knowledge Transfer Partnership Scheme.

ADDITIONAL INFORMATION

- Knowledge Transfer Partnerships is a UK programme that enables businesses to work with universities to gain access to specialist knowledge and expertise and apply it within their organisation. Each Partnership recruits a Graduate to work in the company, implementing and embedding the latest research techniques. Guidance is provided by the academic and company supervisors to ensure that the objectives of the project are met. Although the scheme is aimed at recent graduates, any suitably qualified individual may apply.
- Each KTP is a fully salaried job that lasts between twelve and thirty six months, providing the graduate with an opportunity to fast track a career in industry. Each KTP Associate has a training and development budget and a travel budget. This funding provides opportunities for job-specific training, attending and presenting at conferences, visiting trade shows, customers and suppliers etc. Two, one week residential management training modules are also provided as part of the package.
- This partnership received financial support from the Knowledge Transfer Partnerships (KTP) programme. KTP aims to help businesses to improve their competitiveness and productivity through the better use of knowledge, technology and skills that reside within the UK knowledge base. This successful Knowledge Transfer Partnership project, funded by UK Research and Innovation through Innovate UK, is part of the government's Industrial Strategy.
- As members of University staff, KTP Associates can join the University pension scheme, gain access to University resources such as the Library and sports facilities.
